NUMBER 195.

MINERS ARE STILL OUT

Second Week of the Great Wage Struggle Begun.

LEADERS NOT DISCOURAGED.

The Success That Has Attended the Strike Has Greatly Elated the Miners, and During the Next Few Days Every Effort Will Be Made to Bring Out the Few Miners That Are Still Working.

PITTSBURG, July 12.—The second week of the coal miners' strike has begun and already it gives promise of being one of the greatest wage struggles in the history of this country. Ten days ago the coal operators in this district and the miners themselves little dreamed that within one short week such an era of general suspension could be wrought as now exists in the bituminous mining industry. Then the mouth of the many coal tipples that dot the Monongahela, Youghiogheny, Allegheny and Peter's Creek valleys, and the valleys of Toms and Miller's Run, were open, and turning out thousands and thousands of tons of the best coal that enters into the competitive markets of the world. Now all is changed. The vast caverns are like so many graveyards. On the hill-sides, basking in the shade, there is an army of 18,000 unemployed, who are anxiously waiting for more to join the troops of idlers. On nearly every railroad track leading to the mines, there stand empty cars, apparently anxious to be loaded, that their burdens may be carried to the ports along the lakes.

The success that has attended the movement has greatly elated the miners, and during the next few days every effort will be made to bring out the men in the few mines that are still working. This will be a difficult task, but they express confidence in their ability to make the suspension complete before the week is 48 hours old.

From the best information obtainable, the Pittsburgh operators are in no hurry to have the difficulty adjusted. So many of them had stocks on railroad sidings which they held for an advance. Much of this was disposed of Saturday at a good profit. One prominent operator said that it would take another week to determine the exact state of the market, and by that time a general cleaning up will have taken place. All interested will be ready to begin business on a new basis and probably at a higher price.

"This whole thing will result in a compromise," said another prominent operator. "The operators are in a position to stand it for some time, and I believe the miners are in about the same condition. It looks as if business will brighten up, and in that event the operators will be able to get better prices, and the condition of business and the condition of the miner will be simultaneously improved."

Just now the greatest obstacle in the way of success of the miner is the activity of the diggers in the West Virginia fields. They are working night and day and are getting ready to supply all the coal that is needed. They are repeating what they did three years ago, when a general suspension was declared. At that time there were a number of operators in the Mountain state that were on the verge of bankruptcy. The general suspension was declared, and there came a great demand for coal at prices that insured a big profit. The operators rallied around them a large number of men, whose friendship and support they have encouraged ever since. The operators profited by thousands and thousands of dollars. When the season had finished and the strike was declared a failure, they balanced their books and found things on the proper side of their ledgers. They realized that they owed much of their profit to their miners, and rewarded them for it. On every succeeding payday the faithful miners were paid bonuses in the shape of gold pieces, and naturally the best of feeling prevails among the employers and employees.

This is the condition of affairs the organizers that will go into the West Virginia district this week will have to encounter. It is argued by the miners that there are more men out in that section than there were three years ago, and they express the greatest confidence in bringing them out if they can get their ears. This failing, the railroad organizations will be appealed to. This plan of campaign has been outlined by the national officers, and the developments of the week will be watched with interest.

The miners' officials say that the success of the movement depends on the action of the West Virginia miners. They argue that so many men in the Pittsburgh district, who were not affiliated with their organization, sacrificed thousands of dollars and joined the movement. They will tell the Mountain state diggers of the success in this district, and every effort will be made to have them join.

There are a number of operators in the Pittsburgh district who have expressed a willingness to pay the price demanded. But the miners have said nay. They will insist that a majority of the operators in the district pay the 69-cent rate or none. This is the ultimatum of the national officials, from which there is no appeal. It is known that some of the miner officials would be glad to let all the operators paying the 69-cent rate operate their mines, but can not, owing to the decision of the national officers, who desire to have all the surplus coal taken from the market.

At a meeting of the United Labor league of western Pennsylvania last

night 63 out of 73 labor organizations were represented. Resolutions were unanimously adopted, pledging financial and moral support to the miners and calling upon all the trades unions in western Pennsylvania to aid and assist in every possible manner in furthering the interests of the strikers. W. H. Carney, vice president of the Amalgamated association, and Rev. Winston Green, the colored preacher-miner, were appointed organizers and ordered to begin work at once. Six more organizers will be appointed this week. Messrs. Carney and Green will hold a meeting at Fayette City tonight, and tomorrow will have charge of a meeting of miners and their wives at Gastonville. It is proposed to interest the women, as well as the men, in this movement.

The league also decided to send out a circular to all trades unions requesting an immediate assessment for the benefit of the miners. Previous to adjournment, a telegram was received from President Simon Burns, who is in Washington, pledging the financial and moral support of the Windowglass Workers' association.

Judge Selwyn N. Owen of Columbus, James Bishop of Columbus, and Hon. John Little of Xenia, O., members of the Ohio state board of arbitration, and L. P. McCormack and D. Frank Schmid of Indianapolis, members of the Indiana labor commission, arrived in the city yesterday evening. The members of the Illinois board of arbitration and the statistical bureau of Pennsylvania are expected here today. The board will meet in joint conference, and after hearing both sides, will endeavor to secure an amicable settlement of the differences between the miners and operators.

The strikers at the mines of the Pittsburgh and Chicago Gas Coal company were greatly excited yesterday over a report that Owen Crouse was in that region and that an attempt would be made to resume work with imported men. Secretary Warner of the United Mine Workers said that if this was done there would likely be trouble, and he feared there would be a lynching.

The only news from the West Virginia field received here was that the Beechwood mines, 12 miles south of Morgantown, had started up full, and were advertising for 100 more men.

MINERS DESTITUTE.

Grave State of Affairs Existing in the Jellico, Tennessee District.

CHATTANOOGA, July 12.—A special to The Times from Jellico, Tenn., says that there is great destitution among the miners in that region, many of them having large families and not knowing where the next meal is coming from. Some of the miners have gardens and they have been able to make the truck raised on these to do them for the absolute necessities.

Relief committees recently sent abroad to get help have returned and reported that they had met with poor success. Committees are to be sent to the east Tennessee districts in the hope that aid may be had while it is so badly needed. The miners and operators have had no meetings since May, and there does not seem to be the slightest prospect for an amicable adjustment of the wage question.

The men at these mines have had little work for nearly two years, and as a consequence they have nothing laid up for a rainy day.

More Illinois Miners Quit Work.

SPRINGFIELD, Ill., July 12.—This morning 1,600 miners who have been working in the Springfield district, refused to return to work. This action was decided upon yesterday afternoon at a delegate meeting, held three miles from the city, attended by over 100 delegates and 500 other mine workers. Only three mines in the district were not represented.

Nonunion Men Will Not Work.

MASSILLON, O., July 12.—The mass-meeting of miners held at Dillonvale for the purpose of inducing the Wheeling and Lake Erie miners there to join the union failed. The men refused to join. They will not, however, resume work because of fear of the union men, it is said. Several prominent officers of the union were present at the meeting.

Kid Baldwin Dead.

CINCINNATI, July 12.—Word has just been received from Longview insane asylum of the death at that institution of Kid Baldwin, the once famous catcher of the Cincinnati Red Stockings. He has a wife in Quincy, Ill., who recently applied for divorce. About three weeks ago he was sent from the hospital here to the asylum.

Hailstorm Damages Crops.

MASSILLON, O., July 12.—A severe storm visited this section Saturday evening. Hail as large as walnuts fell and in some places the ground was covered to a depth of eight inches. Corn and vegetables were almost ruined. After the storm farmers brought buckets full of hail to town for exhibition.

Shot His Wife.

ROCHESTER, July 12.—William H. Gates was arrested at his home in the town of Gates yesterday, charged with the murder of his wife, Carrie Gates. The two had not lived together for some time. Early yesterday morning Gates gained access to the room occupied by his wife and shot her.

Crazed by the Heat He Kills Himself.

NEW YORK, July 12.—Crazed by the heat William Wallace Gibson, 48 years old, a guard on the Third avenue elevated railroad, committed suicide yesterday by hanging himself to a beam in the cellar of his home.

LATE DOINGS IN CUBA

Some News From Havana That Escaped the Censorship.

SPANISH SOLDIERS ARE DYING.

Thousands of Sick Troops Sent Back to Spain, Many of Whom Will Never Get There Alive—Sanitary Inspector Attacked For Doing His Duty—Spanish Report the Insurgents Destitute.

NEW YORK, July 12.—A dispatch to The Herald from Havana says: Major General Pedro Diaz has assumed command of the insurgent forces in Pinar del Rio province. The rebel army in this province is being thoroughly reorganized and put in fighting trim to cooperate with the eastern army, if the latter succeeds in reaching Havana province.

The Spaniards have destroyed a number of small forts because they can not spare men to garrison them.

Over 700 sick and wounded men have been sent on to Havana. In Matanzas town there are over 5,000 concentrations, of which over 50 die every day. The Spanish troops have been ordered not to eat mangos, but they disobey the order because they have nothing else to eat. Mango aggravates fever. During the last 10 days over 600 soldiers were taken to the hospital there.

The Spanish mail steamers leaving Havana Saturday carried 1,000 sick soldiers, many of whom will die on the way home. Eleven thousand sick soldiers have been sent to Spain since Jan. 1.

Another American citizen has filed a claim for false imprisonment and damages with the consul general. Jose Gonzales, for 30 years a resident of Philadelphia, claims \$30,000 for being kept in prison for five months and \$110,000 for damages to property.

A local paper published chiefly in the interest of the merchants in Havana, makes a savage attack upon Dr. Brunner, the acting sanitary inspector, appointed by the United States government, because he has reported that the importation of sugar from certain warehouses here might be responsible for an outbreak of yellow fever or smallpox in the United States. In an interview had with him, Dr. Brunner stated that his reason for making the report was that the sugar was shipped from warehouses that had been used as hospitals for fever and smallpox patients. The soldiers in many instances utilized the sugar sacks for beds, and he considered it unsafe to have sugar sacked and shipped in these same sacks.

CENSORSHIP NEWS.

Insurgents in Trinidad Reported to Be in Destitute Circumstances.

HAVANA, July 12.—Reports presented to the authorities by Enrique Gomes, governor of Trinidad, say that the rebels there are in a serious position, owing to the great scarcity of supplies of all kinds.

A committee of the local autonomists of Sancti Spiritus recently visited Captain General Weyler and presented to him an address in which they declared that the autonomists always have supported, and will in the future, support the government and its representatives. The address congratulates the captain general upon his maintaining a position of neutrality with regard to political parties, and declares that more than any other governor has he maintained this position. The address adds that not one of the local autonomists has joined the revolutionists.

General Weyler thanked the committee and promised that he would not abandon his policy of neutrality.

News received in Havana from a private source says it is believed that the insurgent leader, Quintin Bauderas, was killed on Monday last.

RELIEF HAS COME.

Cooler Weather Prevails All Over the United States.

NEW YORK, July 12.—While the temperature yesterday did not rise over 80 degrees in this city, the humidity which until evening stood at 98 per cent, made it uncomfortable for the "stays-at-home." At least half a million people, however, managed to reach the seashore, and nearly as many more sought the shade in the parks.

As the night wore on a cool breeze sprang up and the temperature fell to 72, and at 11 p. m. the humidity recorded was less than 80 per cent.

An unknown man, about 35 years old, supposed to be a longshoreman, was found unconscious from the heat yesterday. He was removed to a hospital, where he died soon afterward.

Other cases of prostration were: James Carey, 21 years old. David Halleck, 37 years old. Owen McGuinness, 38 years old.

Still Dying in Chicago.

CHICAGO, July 12.—Chicago was cool yesterday, and with the rain of last night as a finisher to the heat, is likely to remain so for several days at least. The highest temperature of the day was 75 degrees. But the effects of the awful heat of the last 10 days are still apparent, in that two prostrations of the past week resulted fatally yesterday. They are: Mrs. E. Jones and Allen Thompson, laborer. No prostrations were reported yesterday.

Heat Wave Broken in Pittsburgh.

PITTSBURG, July 12.—The heat wave that hung over Pittsburgh for 13 days, from June 28, was broken yesterday by a heavy downfall of rain that brought a much lower temperature with it, and

consequently relief to the inhabitants of Pittsburgh, Allegheny and the suburbs. The thermometer just before the rain registered 89 degrees and dropped 20 degrees in a short time.

Heavy Downfall of Rain.

COLUMBUS, O., July 12.—The heavy rainfall yesterday afternoon broke a record of the weather bureau for the past 20 years. During four hours 3.76 inches of rain fell and during the first 35 minutes of the downpour the rainfall was 2.35 inches. It is the heaviest rainfall recorded within 24 hours since the establishment of the weather bureau.

Big Drop at Cincinnati.

CINCINNATI, July 12.—The temperature has dropped here from 80 at 6 o'clock last night to 70 at midnight. It was not above 85 any time yesterday.

JULY CROP REPORT.

Returns Made to the Department of Agriculture at Washington.

WASHINGTON, July 12.—The July returns to the statistician of the department of agriculture indicate the following average conditions: Corn, 82.9; winter wheat, 81.2; spring wheat, 91.2; combined spring and winter wheat, 84.9; oats, 87.5; winter rye, 95; spring rye, 90; barley, 85.5; tobacco, 78.5; Irish potatoes, 87.8.

The report on the acreage of corn, which is preliminary, shows a decrease of 1.2 per cent, as compared with that of last year. This represents a decrease of about 1,000,000 acres, Illinois, Missouri, Kansas, Nebraska, Texas and one or two less important corn-producing states, showing an increased acreage, but this is more than off-set by the shrinkage in Iowa, Indiana, Ohio, Kentucky, Tennessee and other states. The average condition of corn is only 82.9 or 9.5 points lower than in July of last year.

The principal averages are as follows: Ohio, 76; Michigan, 80; Indiana, 83; Illinois, 82; Iowa, 75; Missouri, 92; Kansas, 90; Nebraska, 82; Texas, 101; Tennessee, 90; Kentucky, 87.

The condition of winter wheat, 81.2, is 2.7 points higher than last month, and 5.6 points higher than in July of last year; that of spring wheat, 91.2, is 1.6 points higher than last month, but 2.1 points lower than in July of last year. The average condition of spring and winter wheat combined, 84.9, is 1.5 points higher than that of the corresponding period last year.

The percentage of the wheat crop of 1896 reported as on hand on July 1, 1897, is 5.46. The average condition of the oat crop, 87.5, compares very unfavorably with that of July, 1896, but is only a small fraction of 1 per cent less than the average July condition for the last 10 years. The average condition of winter rye, 95, is 11.2 points higher than in July of last year, but that of spring rye, 90, is 8.6 points lower than it was at that time. The condition of barley is improving, having advanced 1.1 point during the month, and is now slightly better than at this time last year. The tobacco acreage shows a falling off of over 20 per cent as compared with last year, and the condition, 78.5, is less by 18 points than that of July.

There is a decline in the acreage of Irish potatoes of 8.4 as compared with that of last year. The shrinkage is general. Nebraska is the only state with any considerable acreage devoted to this crop that shows an increase. In point of condition also the crop at this time compares unfavorably with that of last year, the figuring being 87.8 and 99.0 respectively.

The wool report indicates that 5.8 pound is the average weight per fleece, as compared with 5.7 last year and 5.6 in 1895.

The European agent of the department reports that the weather during June was generally favorable to growing crops, except in Russia and parts of Germany and Italy, but the wheat crop will be below the average in Great Britain, France and Austria-Hungary. A consular report from Winnipeg, Manitoba, indicates good crops of wheat, oats and barley on an increased acreage in that province.

The July returns for cotton to the department of agriculture indicate an average condition of 86.0, as compared with 83.5 in June, an increase of 2.5 points. The average condition July 1, 1896, was 92.5. The averages of the states are as follows:

Virginia, 87; North Carolina, 90; South Carolina, 86; Georgia, 85; Florida, 80; Alabama, 85; Louisiana, 89; Texas, 88; Arkansas, 88; Tennessee, 80; Missouri, 95; Oklahoma, 82; Mississippi, 81, and Indian Territory, 93.

Twenty Acres of Oil Burning.

OLEAN, N. Y., July 12.—Lightning struck a 4,000 barrel oil tank two miles north of here at 4 o'clock yesterday afternoon. A cannon was procured and shots fired at the surrounding tanks to allow the oil to escape and prevent other tanks from exploding. The escaping oil became ignited, and now 20 acres of oil is burning. Booms are being built to prevent the spread of the burning oil and keep it out of the river. The loss will be large.

"A New York woman," he said, looking at her over the tops of his glasses, "has gone into the business of teaching women how to walk."

Somehow it seemed to strike her as a joke.

"Think of it!" she said. "Just when the price of wheels is coming down too I began to think you were right, John, when you said that women had no business sense."—Chicago Post.

The Hebrew ceased to be a vernacular language at the Babylonian captivity, in the fifth century before Christ, but was preserved in the sacred writings of the Jews.

THE NEW TARIFF BILL

No Telling When It Will Be Reported to Congress.

SOME OF THE PROPOSED CHANGES

It Is Thought That the Conference Can Agree Upon a Measure Sometime This Week—This Will Be Passed in the House After One Day's Debate, but the Senate May Require Longer Time.

WASHINGTON, July 12.—The conference on the tariff bill held a four-hour session yesterday. The anxiety to reach a complete agreement as early as possible induced them to meet on the Sabbath, and both the house and senate conferees appear satisfied with the progress that has been made. Several hundred minor amendments have been agreed upon, many of them mere changes of phraseology, and on a large majority of these the house conferees naturally have yielded.

None of the real important problems in the bill, however, have as yet been solved. All of them have received more or less consideration and there has been a free exchange of opinions. The temper and disposition of the senate and house conferees on these important matters have in this way been ascertained. In several cases the conferees are very close to an agreement. Both sides, so one of the conferees said, show a commendable spirit of conciliation, and, while in several instances each side seems to be holding out strongly for its contention as to rates, he said there had not yet appeared on the horizon anything which portended such difficulty as would not in time be surmounted. There is the best of reasons for believing that several of the main points of contention will be compromised. This is especially believed to be true of lumber, hides and wool, and possibly sugar, though on the latter the house conferees are standing particularly firm for their schedules.

On the subject of reciprocity the drift of opinion seems to be in the drift of the senate substitute with certain of the house provisions; that is, that the list of articles which can be used as a basis for reciprocity treaties will be broadened, but that the senate provision requiring the ratification of the treaties will be discarded. Several of the eminent lawyers in both branches of congress question the constitutionality of the power conferred upon the president by the senate reciprocity provision.

The stamp tax on bonds and stocks provided for in one of the senate amendments has not yet been accepted. The revenue afforded by it furnishes a strong argument for its acceptance in view of the heavy anticipatory importations, and there is talk of widening its scope so as not only to include a tax on actual transfers but on all recorded sales. This necessity of revenue also furnishes a strong argument for the restoration of the house rates on imported tobacco.

It is impossible to estimate yet when a final settlement will be reached, and, although various dates are given as to the length of time the bill will remain in conference, one of the most influential of the conferees said that all estimates were necessarily pure guesswork.

When the report is completed it will at once go to the house, where it is not likely that more than one day will be allowed for debate. The anxiety to get the bill on the statute book and the great loss of revenue involved in each 24 hours' delay, it is argued, justifies the Republican managers in declining to give more than a single day for discussion.

TURKEY WILL NOT YIELD.

The Sultan Defies the Powers in Their Endeavors For Peace.

CONSTANTINOPLE, July 12.—Queen Victoria, Emperor William, Emperor Nicholas, President Faure and King Humbert have replied to the telegrams received by them from the sultan, and all give advice similar to that sent by Emperor Francis Joseph. Emperor William says in substance that he regrets his inability to dissociate himself from the views held by the other powers.

Replies to the circular of the Turkish government to the powers relative to the frontier question, have also been received by the ambassadors. They all decline to admit the Turkish pretensions.

The porte has sent another circular to the powers, proposing that, in view of the disturbed condition existing in Crete, Turkey send reinforcements to the island. To this the powers have also replied, endeavoring to dissuade the porte from such a step.

This latest proposal on the part of the Turkish government is held to indicate that the sultan does not intend to yield in regard to the frontier question.

DR. GRISWOLD DIES.

Founder of Xenia Soldiers' Orphans' Home Passes Away at Oakland, Cal.

ELYRIA, O., July 12.—Word received here from Oakland, Cal., announces the death of Dr. L. D. Griswold, formerly a prominent citizen of this county and state. The doctor came to Ohio in 1830. In 1836 he was auditor of Lorain county. From 1865 to 1869 he served in the state senate.

During the war he was a surgeon in the One Hundred and Third Ohio, and had charge of the hospital. He offered in 1868 a resolution establishing the girls' reform and industrial home. After the close of the rebellion, Dr. Griswold succeeded in establishing the home for soldiers' orphans, located at Xenia, O.

 Eighth District—Gus L. Tolle.

INDICATIONS.—Showers, cooler, fresh to brisk northwesterly winds.

A VIGOROUS protest is being made against the proposed tax in the new tariff bill of 20 cents a pack on playing cards. The kick comes from the National Card Company, which seems to have a monopoly of the business. A member of the company wires Senator Fairbanks, of Indiana, saying: "We are for protection but not for annihilation." Evidently these Republicans have found out you can't make a fellow rich by taxation. Better put a tax on playing cards, however, and take it off of some of the necessities of life.

HOT DRINKS.

A Chicago Physician Advises Their Use Instead of Ice Water and Other Cold Drinks.

Hot drinks are advocated by Professor Garriott, of the Weather Bureau, Chicago, for the warm weather. He says there is not half the danger in them as in ice water and other drinks that are half frozen and taken into the stomach. "People, according to my idea, should adapt themselves to the country," said the head of the weather office. "Now, over in China a great deal of tea at a temperature close to the boiling point is consumed. Do you often hear of one of the Celestials being overcome by heat? The body should be kept at about the same degree as the temperature and then little danger would be entailed. The trouble is people try to bring down the heat of the body by unseasonable things, and they are not able, constitutionally, to stand the glare of the sun. Out in the country farmers are constantly in the heat, yet it is not often that any of them succumb. They never have ice in the summer and consequently they escape the danger of bringing their stomachs to the freezing point when the weather is at blood heat."

Real Estate Transfers.

C. C. and Thomas P. Degman to Susan Vawter, 157 8-10 acres of land on Cabin Creek; \$1 and other consideration.
 C. C. Degman and others to Thomas P. Degman, about 135 acres of land on Cabin Creek; \$1 and other consideration.
 M. B. Newman and wife to James W. Wells, a lot on the south side of the Germantown pike; consideration, \$200.
 Judith Clift and husband to Mason County, half acre of ground; consideration, \$50.
 Limestone Real Estate and Land Company to Dollie Kidder, lot No. 13 in Hall's addition to Sixth ward; consideration, \$1,000.

COUGHLIN BROS., the liverymen of West Third street, had two horses to die from the extreme heat last week.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever tores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by J. James Wood.

THE GOLDITES.

"National" Democrats Adopt Some Resolutions and Select Delegates to the State Convention.

The "National" Democrats held a convention at the court house Saturday afternoon to select delegates to represent Mason County in the State convention at Louisville next Wednesday.

When the meeting was called to order shortly after 2 o'clock there were present seven "National" Democrats, seven Republicans and a dozen or so regular Democrats as onlookers.

County Chairman Charles D. Pearce called the meeting to order. Dr. Thomas E. Pickett was unanimously chosen Chairman and Mr. Henry E. Pogue Secretary.

Mr. Pearce presented and read the following:

Resolved, That we, the National Democrats of Mason County, reiterate our fealty to the time-honored principles of Democracy as founded by Jefferson and Jackson and so ably interpreted by Cleveland and Carlisle and so truthfully and forcibly enunciated in the platform adopted at Indianapolis.

That, we deplore the action of the last so-called Democratic convention at Frankfort, endorsing anew the Chicago platform that renounced the time honored tradition of tariff for revenue only, and bidding for Populist support declared for socialism, anarchy and National dishonor.

That, we confidently believe the mob spirit that has arisen in the country and that prevailed in many parts of the State, was the direct result of the campaign made possible by the Chicago platform and we condemn the action of the convention at Frankfort that purposely failed to denounce the same.

That we heartily commend the manly address issued by the Executive Committee of the National Democratic party of Kentucky; that it is a clear and truthful statement of the facts and eloquently expresses the duty we owe to ourselves and our country.

That, we indorse the statements of ex-Governor Boies that the "battle of silver is lost," and that our people will not tolerate a currency of repudiation.

That our delegates to the convention at Louisville to be held July 14th are instructed to vote as a unit on all questions coming before that body, and that the following, together with all national Democrats who may attend the same, are named as delegates to the convention at Louisville, viz:

Thomas Downing,	Dr. Thomas E. Pickett,
Dr. W. R. Dobyns,	H. T. Boulden,
W. J. Rees,	W. Norris,
W. J. Jackson,	Thos. Y. Nesbitt,
W. W. Baldwin,	C. D. Russell,
J. D. Taylor,	W. H. Robb,
Joseph Wallingford,	Thos. Costigan,
Henry Darnall,	J. S. Mitchell,
F. H. Clark,	Dr. J. H. Samuel,
J. W. Boulden,	Dr. John T. Fleming,
R. M. Marshall,	W. E. Clift,
H. E. Pogue,	Charles Sparks,
D. W. Rees,	D. French,
John Shanklin,	Chas. B. Pearce, Sr.
A. R. Respass,	Thos. M. Russell,
H. P. Chenoweth,	Dr. S. Brough,
B. A. Wallingford,	Frank Costigan,
H. M. Yancey,	Ben Longnecker,
James Barbour,	A. R. Glascock,
Charles D. Pearce,	Ed. Myall.

The resolutions were adopted and the convention adjourned.

THE SCHOOL FUND.

It May be Greatly Reduced by a Recent Court Decision. If Certain Taxes Must be Refunded.

(Courier-Journal.)

FRANKFORT, Ky., July 10.—Things look blue for this year's Kentucky school fund. It has been discovered that the fund is bound to be not only greatly reduced, but may be nearly wiped out should the courts decide that it must at once pay back all the money it has received and was not entitled to in the past three or four years. Of the big taxes paid by the banks during the long years they have paid 75 cents to State in lieu of all other taxes, the law has been so constructed that the school fund received nearly half.

The courts have now decided that the banks should have paid only 42½ cents to the State the past four years, and only the regular rate of 52½ cents this year. This cuts in half the amount that goes from the bank taxes to the school fund for this year, and as the State is paying back the rebate due the banks for the past several years, the Auditor thinks the school fund will have to stand its share of this rebate, and this share is nearly or quite half of all that will have to be returned.

The Auditor and State Superintendent decided last year that the school fund would have to make up an "overdraw," or deficit, for the preceding year before it could be divided up into per capita, which turned out to be \$2.75, or 10 cents lower than it had been before for many years. If they now decide that the fund must pay its share of all the rebate out of this year's fund, this last reduction may be as a drop in the bucket, and the per capita for the year may be small enough to curtail the school term in nearly every rural district in the State. Neither the Auditor nor Superintendent of Public Instruction is ready to talk about the matter. They will not be till they get all the figures in and have some legal advice on the subject.

THE Aberdeen base ball club challenges Y. M. C. A. base ball team of Maysville for a game any time this week. Address Cal. Kennedy, Manager Aberdeen B. B. Club.

FIRE INSURANCE.—J. C. Everett.

ROYAL
BAKING
POWDER
 Absolutely Pure.

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands.
 ROYAL BAKING POWDER CO., NEW YORK.

FIRE and tornado insurance.—Boulden & Parker.

For a full line of pure drugs call at Ray's Postoffice Drug Store.

FIRE INSURANCE.—Pickett & Respass, successors to Duley & Baldwin.

THE tobacco crop of Brown County, Ohio, is estimated at only 50 per cent. of last year.

THE Herald says: "Mr. and Mrs. Vincent H. Perkins, of Chicago, will arrive soon to visit friends in Lexington."

THE showers and cooler weather forecasted for Sunday afternoon arrived on time. The rainfall in this city amounted to almost one inch.

REGULAR meeting of Pisgah Encampment No. 9, I. O. O. F., to-night. Work in the Royal Purple degree. All patri-archs invited to be present.

Don't forget the pic-nic Saturday in Conlon Bros.' grove, Charleston Bottom. The wagon will leave Coughlin Bros.' stable at 1 p. m., sharp. All candidates are invited.

THE ladies of the Christian Church will give a lawn social at the delightful home of Mr. and Mrs. Wm. Smoot, Tuesday evening, July 13th. Refreshments 15c. Come and have a good time.

THE Chesapeake and Ohio's air-brake instruction car, recently turned out of the Richmond (Va.) shops of the C. and O., is one of the most perfect cars of the kind ever turned out by any road.

WHAT's the matter with Ballenger's watches and watch charms? Nothing at all. They are the best to be had anywhere. He guarantees them to be just as represented. He has an elegant line of goods which he will take pleasure in showing you.

A FEW days ago the residence of Mrs. Pickett Scott, of near Pleasant Valley, was robbed of a quantity of valuable goods. Friday, while at work in a tunnel, a gang of L. and N. section men found all the goods. George English and Worth Campbell were arrested and confessed to having stolen the plunder.

BROOKLYN Eagle: "The condition of the Rev. Dr. Malcolm M. G. Dana, the well known Congregationalist minister, who has been ill for a long time, was today about the same as it had been for the last four days. His physician, Dr. Magnus Tate Hopper, of 63 South Oxford street, said at 1:30 this afternoon that Dr. Dana was gradually failing, although he might live for several days."

A SMALL worm of greenish color is doing great damage to the growing corn in the Big Sandy valley. It fastens itself upon the plant just above the root, and sucks the sap. The corn, which had looked exceptionally well, is now almost ruined. Acre after acre appears of a brownish color. Specimens of the pest have been sent to the Agricultural Department at Washington.

EXCHANGE: "Hereafter senders of registered letters will be indemnified against loss to the extent of \$10. The law provides that no greater sum than \$10 can be allowed on any one letter and claimants must show that letter contained \$10 in order to recover that amount. The government has never before been responsible for registered letters, though employees in whose hands losses occurred were in many cases required to make good losses."

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at J. James Wood's Drug store. Regular size 50c. and \$1.

D. HUNT & SON.

PERSONAL.

Miss Ethel Haney has returned from a visit at Cincinnati.

—Mr. Martin Bierley is spending a few weeks in Cincinnati.

—Miss Mary Egnew is visiting Miss Kate Savage, of Millersburg.

—Mr. Edward Tudor and wife are at home after a visit at Columbus, Ohio.

—Dr. John M. Frazee and wife have returned from a trip to points in Tennessee.

—Mrs. Dr. Owens leaves for Chadwick Tuesday to remain until the middle of September.

—Mrs. W. R. Warder went to Helena Station Saturday to spend some time with relatives.

—Mr. Charles Stevens, wife and children, of Covington, spent Sunday here with relatives.

—Mrs. Calvert, of Lewisburg, has returned from a visit to her daughters at North Middletown.

—Mrs. Theo. Power, of Cincinnati, is visiting her mother, Mrs. Mary Wilson, of East Third street.

—Mrs. Frances Chappell and daughter, Miss Laura, are visiting Mr. and Mrs. Will Chappell, of Paris.

—Mrs. James Barbour and son are visiting her parents, Colonel and Mrs. Thos. Forman, of Washington.

—Miss Louise Alexander went to Millersburg this morning to spend the week with Mr. and Mrs. J. F. Woolum.

—Mr. and Mrs. J. F. Woolum, of Millersburg, returned home this morning after visiting relatives in this city.

—Mrs. Henry Devore, of Racine, Wis., is visiting her parents, Mr. and Mrs. John Helmer, of West Second street.

—Mr. and Mrs. W. R. Madison are at home after a visit at Esculapia Springs. They report Mr. George Rogers very much improved.

—The Misses Rice, of Melbourne, returned home Saturday after spending several days with the family of Mr. William Shepard.

—Mrs. P. J. Gorman, of Lexington, Ky., returned home Saturday after a visit of several days to her parents, Mr. and Mrs. G. W. Oldham.

—Miss Nellie Van Slyke, of Kingston, N. Y., who has been visiting her sister, Mrs. Dr. Owens, leaves to-morrow to spend the summer at the seashore.

—Mr. F. S. Andrews, of Findlay, O., arrived last evening and is a guest of Colonel and Mrs. M. C. Russell. Mrs. Andrews has been here a week or two.

—Mrs. Dr. Harper and Miss Lena Hamilton are expected to arrive in August from Bonham, Texas, as soon as Hamilton Dunlap Harper is old enough to travel.

—Mt. Sterling Sentinel Democrat: "Miss Lottie Bogers entertained beautifully Tuesday evening in honor of Master Clayton and Miss Sallie Pecor, of Maysville."

—Sharpsburg World: "Mrs. J. M. Evans, of Maysville, and Mrs. Harrison Whaley and Mrs. Walter Talbot, of Moorefield, visited the family of R. F. Caldwell Wednesday."

—Mr. G. W. Bowles, who was for several years joint agent of the C. and O. and L. and N. at this place, but who is now located in the mining regions of West Virginia, was a passenger on No. 3 Sunday afternoon for Cincinnati.

—Felicity (O.) Times: "Miss Lida Childs, of Maysville, returned to her home on Tuesday at the close of quite a protracted local visit, during which time she formed numerous acquaintances and lasting friendships. She was accompanied by Miss Mary Waterfield, who will visit with her for a time."

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at J. James Wood's drug store.

PROPRIETORS.

HOT WEATHER LIVING

Imitate the Centuries-Taught People of India.

What to Eat and Wear in These Killing Dog Days—Abstain From Meats and Liquors.

[Enquirer.]
With the death rate growing to more appalling length hourly from the present fierce heat, nothing should be neglected in the way of informing the public as to precautions against meeting the fate of those who have succumbed. By request of the Enquirer, Dr. S. P. Kramer, for years well known as a leading practitioner in this city, yesterday talked on precautionary measures in the way of diet, drinks and care of the body. What he says may be wholly relied upon as worthy of being given closest and absolute heed.

"Cincinnati's warmest summer weather such as we are experiencing now, is nearly equal to that of India," said Dr. Kramer. "And yet the people of India live their temperature through with not a hundredth part of the discomfort experienced in Cincinnati. The main secret is that they take care of themselves. They live in a simple, common sense way as to eating, drinking, cleanliness, dressing and guarding against exposure. First and foremost, the people of India use no spirituous liquors, especially not in their seasons of more extreme heat. Notice the names of Cincinnati's heat victims. Nine out of every ten of them were users of alcoholic stimulants. In hot weather everybody should shun alcoholic stimulants, whether beer, whisky, wine or whatnot. They are worse on the human system than so much fire. They inflame the blood and directly induce prostration. Lemonade, sour as agreeable, ice water and milk, providing it is fresh, and has been boiled, are the three drinks that I recommend as every way best for such weather as this, and throughout the summer entire. They can be taken to any reasonable extent with the very best results. I do not agree with many that ice water is harmful. Not at all, I consider it healthful, and recommend it. Ice tea? No. Ice tea is bad to drink, because of the large amount of tannic acid it contains. Tannic acid disturbs digestion. Hot tea and coffee? The less of them the better for every one.

"Very little meat of any kind should be eaten, and not a particle except it is known to be fresh and sweet, cooked while in that condition and eaten without being allowed to stand. Whatever the ice box facilities, no meat, cooked nor uncooked, should be kept beyond the meal for which it was bought. However 'nice' it may look it should positively be thrown away. It is decomposing, and if it be eaten then decomposed matter full of death germs is being taken into

the system. This means that the entire list of cold meats must be shunned in hot weather as one would shun deadly poisons. During such weather people should not think of touching cuts of cold roast beef, nor ham, nor chipped beef, nor cold meat of any kind, no matter how it was cooked nor how sweet and nice it may appear. Decomposition is going on in all of them. They are rotting, and have the worst disease germs. It is the economy of death for the frugal housewife to keep meat from one meal to another. I care not how fine or complete an icebox she may have. The really and wholly wise person lets meat of whatever kind entirely alone such weather as this. All kinds of fresh, ripe vegetables and fruits, good bread and butter—these are the things to eat in hot weather. Under no circumstances drink milk unless it is known positively to be fresh and to have been boiled. Otherwise decomposition is at work in it.

"Everyone should take a hot bath every night this weather and a cold bath every morning, and change their underwear daily, all without fail. A cold bath at night makes one sleepless, while a hot one opens all the pores, gets the body in a cooling condition, is quieting, and in every way calculated to make one sleep sound and well. The clothing, like that of the people of India, should be just as thin and as nearly white as possible. White reflects the heat. Black absorbs it. Last, but never least, everybody should move just as slowly as possible. Every movement of whatever part of the body increases the circulation and, therefore, the temperature. My concluding word is that there is no reason for any one being prostrated by the heat. The easy exercise of wisdom as to the points I have mentioned will prevent all of these unfortunate occurrences.

HOME-GROWN berries, Calhoun's.
FOR SALE.—Ten thousand grain sacks by O. H. P. Thomas, Market street, Maysville, Ky.

MASTERS DOUGLAS and Edwin Newell, sons of Mr. and Mrs. Charles D. Newell, are ill with the whooping cough.

FRANK HILES was convicted in the Bracken Circuit Court last week of breaking into a store at Fairview, and sentenced to one year in the penitentiary.

ANDREW GALBRAITH, who killed Joseph Gillam a year or so ago during a school election at Bridgeville, near Germantown, was tried last week at Brooksville and acquitted.

MR. LEWIS GORDON, of Fleming, was in Maysville Saturday on business and visiting relatives. He was unable to secure grain sacks in Fleming County and had to come to Maysville for them.

MANCHESTER TIMES: "Dr. A. N. Ellis, of near Aberdeen, delivered his crop of tobacco to Mayor Spears Tuesday. This is said to be the finest crop of tobacco brought to this place the present season."

Y. M. C. A.
The Board of Directors will meet at 7:30 this evening to transact some important business. It is hoped that every director will be present. State Secretary Rosevear will be at the meeting, in all probability.

The men's rally yesterday afternoon was one of the best meetings held since the summer months began, both in point of attendance and interest manifested. Mr. J. B. Orr, Jr., had charge of the service in behalf of the endeavorers, but many others took part in the service, among them being Secretary B. B. Wilcox, of the Frankfort Y. M. C. A., who made some very interesting and helpful remarks. About forty-six gentlemen and fourteen ladies attended this interesting meeting.

MR. J. M. SIDWELL, formerly of Minerva, is seriously ill with typhoid fever at his home in Flemingsburg.

All Causes Have Their Effects.

Since the middle of June we have sold thrice the amount of goods than in the same given time since 1894. Why? Because money is more plentiful, and those that have the coin are apt to go where they get the most and the best for their money.

When times were the hardest and most merchants bought the commonest of goods, we kept on the even tenor of our way, and bought only the highest class of merchandise. We may have missed some sales on low qualities, but we retained our high standard in our various lines, and as our people are now realizing better prices for their products, and money is more plentiful, we are reaping the benefit of our repute for handling

Good Clothing Only.

To show our appreciation to our patrons, we are going to offer you for the next ten days, beginning Saturday morning, July 10, the greatest values in Men's All Wool Cassimere and Cheviot

SUITS

that were ever offered on this or any other market. Choice, for CASH, of one hundred and sixty Suits that were made to sell at \$12, which we have been selling at \$10, for

\$6.75

See window display of them. Just received and opened another large consignment of our elegant CRASH SUITS, the greatest hot weather Suit in the State of Kentucky. We advise our friends to call early, before the sizes are broken.

F. B. RANSON & CO.

MISS GERTRUDE NOYES.
Sudden Death at Noon Saturday of This Estimable Young Lady.

The many friends of Miss Gertrude Noyes were shocked Saturday by the news of her death. She had been ill about ten days with an attack of peritonitis. Her condition became very critical Saturday morning, and she sank rapidly until the end, which came about noon.

Deceased was a daughter of Mr. and Mrs. J. B. Noyes and was about sixteen years of age. She was a most estimable young lady, and the family have the sincere sympathy of the community in the loss they have sustained.

The funeral occurred at the family residence on the Fleming pike at 9 o'clock this morning and was conducted by Rev. J. S. Sims. Interment in the Maysville Cemetery.

THE regular July term of the County Court convened this morning.

C. G. Hood was appointed postmaster at Nepton Saturday, succeeding J. W. Myall.

MASTER FRAZEE HART, who was injured by the explosion of a dynamite bomb at Lexington Friday, continues to improve and will be able to return home in a few days.

The infant child of Mr. and Mrs. James Redmond was buried Sunday afternoon. Mrs. Redmond's friends will be pleased to learn that she is getting along very nicely.

THE Fayette Fiscal Court has arranged with the State Sinking Fund Commissioners for the purchase of the Richmond and Harrodsburg pikes, fifteen miles in all, and they will be made free.

At West Union suit has been filed in the Common Pleas Court against ex-Auditor Henry J. Thomas and his bondsmen for \$2,400, part of the amount of overcharges alleged to be due the county.

WATCHES in endless variety, prices lower than any other house. I am to-day showing the most select stock of diamonds ever shown in Maysville before, and at prices never equalled before.

P. J. MURPHY.
THE Populists of Lewis County held a very small convention at Vanceburg Saturday and nominated a county ticket. There are 3,800 voters in that county and the Populists poll about 125 votes. They were willing to support the ticket nominated by the Democrats if it was placed under any other device than the rooster.

ELECTRIC PARK!

NEXT WEEK'S PROGRAM.

All trains daily except Sunday.

COL. M. C. RUSSELL has been under the weather for a few days, but his friends will be glad to know that his condition is not serious.

GENERAL DEFICIENCY BILL.

It Is Probably the Only Measure That Will Be Passed This Week.

WASHINGTON, July 12.—Beyond the fact that the general deficiency appropriation bill probably will be passed and that the senate will stand ready to take up the tariff bill at any time that a report may be brought in by the conference committee, little can be predicted of the course of events in the senate during the present week. The disposition is to do little in the way of general legislation, and there is a proposition under consideration by the leaders of the two sides of the chamber to adopt the plan now in vogue in the house for sitting only every third day after the deficiency bill shall have been disposed of.

This suggestion has been made in view of the possibility of pressure to take up the matter of the appointment of a currency commission. The general impression about the senate is that the house will pass such a bill on this subject as the president may recommend, but that there is no probability that the senate will take the matter up seriously. The desire is to make this intention clear by infrequent meetings. There are, however, some matters on the executive calendar demanding attention, and there may be an effort to clear this calendar off during the week. If such should prove to be the case there would be more or less discussion in the executive sessions over the McCord, Warner and Goodnow nominations.

The friends of the Hawaiian annexation treaty on the foreign relations committee, also hope to be authorized to report a ratification resolution at their meeting next Wednesday, but it is by no means certain that the committee will be able to reach an agreement so soon.

Senator Harris of Kansas will endeavor to get up his resolution regarding the reorganization of the Union Pacific railroad during the week, but in this he will be opposed and is not likely to succeed.

The tariff conferees confidently expect to bring in the tariff bill by Thursday. The length of the debate on the report will depend upon how well the senate conferees may have succeeded in maintaining the integrity of the senate bill. The Democrats and other opponents of the bill make no secret of their intention to oppose the adoption of the report if it appears that the amendments which they were instrumental in securing, putting cotton bagging, cotton ties, burlaps, paris green, etc., on the free list, have been receded from.

The senate will insist upon final adjournment as soon as the tariff is disposed of.

The house will adjourn from today until Thursday. Its course thereafter will depend on the condition of the tariff bill.

HARVEY FOUND GUILTY.

The Jury, After Nearly Four Hours, Fix the Crime at Second Degree Murder.

WILLIAMSON, O., July 12.—James Harvey has been convicted of murder in the second degree. The jury was out three and three-quarter hours. A motion was made for a new trial, which will probably be heard on Tuesday.

The sheriff, when taking Harvey to his cell, searched the jail proper, and found in the cells of two of the prisoners two razors, while, concealed in the ashpans of the unused stove, were two case knives which had been formed into saws and a file. The bars of the rear outside door bore marks of the saws and file, showing that a beginning at an attempt to escape had already been made by some of the prisoners.

The crime of which Harvey was convicted was committed on Dec. 18 last, at the home of his father, W. P. Harvey, five miles from town. Harvey, who had married the girl in Brooklyn, in January, 1893, reported the death of his wife, Ida, stating that while the old people were absent from the house Ida, while washing the dishes in the kitchen, had fallen over the woodbox and broken her neck. The body of the woman was covered with bruises, and other suspicious circumstances caused the coroner to take charge of the body, and as a result James was arrested for the murder of Ida. After his incarceration in the jail James filed an affidavit against his father, William P. Harvey, an aged minister of the Friends church, charging the old man with the commission of the crime, but, on examination by the grand jury, the old man was declared innocent, and discharged from custody.

A new application of electricity is indicated in its use for the preservation of meats. The method, which is said to be successful, is to immerse the meat in a 30 per cent solution of salt, through which a continuous current of electricity has been passed. The curing is completed in from 10 to 20 hours.

Five per cent of the people of the United States own more property than the wealth of all the rest put together.

Few Appreciate the Dangers

to which the expectant mother is exposed ere she presses to her heart her babe, and the dread with which she looks forward to the hour of approaching motherhood. By the use of

"Mother's Friend"

the body is made to yield change it is undergoing. Headache and nausea are dispelled, the depressed and nervous feeling yields to one of pleasurable expectation. Danger to life of both mother and child is avoided, and she passes through the ordeal quickly and her recovery is rapid.

"I know one lady, the mother of three children, who suffered greatly in the birth of each, who obtained a bottle of 'Mother's Friend' of me before her fourth confinement, and was relieved quickly. All agree that their labor was shorter and less painful." JOHN G. POLHILL, Macon, Ga.

Sent by Mail, on receipt of price, \$1.00 PER BOTTLE. Book "TO EXPECTANT MOTHERS" mailed free.

TELEGRAPH TAPS.

Condensed News Items From Different Parts of the Globe.

The sea serpent has been seen at Marblehead, Mass.

Gid Dallor, aged 12, was drowned in the Ohio river at Paducah, Ky., while bathing.

Andrew E. Smythe, the promoter of the Universal Gas company of Chicago, is dead, after a three week illness.

Gotfried Elsmann, aged 59, was found dead in his hay field near Kendallville, Ind. Murder is the theory advanced.

W. D. Burton, a Norfolk and Western day telegraph operator at Gray, W. Va., was drowned in Tug river while bathing.

Farmers from Greenup county, Ky., report several tons of foxes in that section. Several parties are being organized for fox hunts.

Hon. Sir Patrick Alfred Jennings, K. C. M. G., L. L. D., member of the legislative council of New South Wales, is dead in Sydney, aged 66 years.

Senator Quay has authorized the announcement that he would be a candidate before the Pennsylvania legislature for the United States senate to succeed himself.

George Golden, aged 60 years, an old soldier, was struck by the southbound passenger train No. 4, on the Pennsylvania road, at Jeffersonville, Ind., and fatally injured.

Frank Stratton of Springfield, O., a lineman for the telephone company, came in contact with a live wire while at the top of a pole and fell to the sidewalk and is seriously injured.

William St. Clair of Columbus, O., hanged himself in the basement of Henry Wueck's saloon. He first tried to cut his throat, but was unsuccessful. Domestic trouble was the cause.

Arthur Tuggle, 45 a well-to-do farmer of Tigg county, Ky., was struck and instantly killed by lightning while at work in a field. Two of his sons, who were in the field with him, were badly shocked.

Mrs. Ann Anderson, wife of George Anderson of Amdia, O., had just left the postoffice when she was struck by lightning and instantly killed. All the clothes were torn from her body. She was the wife of a prominent farmer.

A. S. Feasel, a young farmer, residing west of Tiffin, O., slid from a load of hay and alighted upon the handle of a pitchfork, which penetrated his body, passed through his bladder and into the abdomen 12 inches. He lived but a few hours.

The Boyer company's world famed chemical works at Elberfeld, Germany, one of the largest German exporters to the United States, have been partially destroyed by fire. All the goods were burned and the damage done is estimated at 1,250,000 marks.

The entire family of Henry Heavlin, a farmer living seven miles east of Dennison, O., was bound and gagged by masked burglars late at night, who proceeded to ransack the house from garret to cellar. The robbers secured but \$1.18 in money and an old revolver for their trouble.

The 2-year-old son of Sherman Doran of Cromers, O., caught his head in a fence at their home, and before he was released swine attacked him, tore his clothing and lacerated his body. In its fright the child turned until its neck was dislocated, and death followed before its mother reached it.

Willie Carroll, an orphan boy, aged 13, who was unmercifully whipped by William Welch and William Thompson in Bland county, Va., has since died. By request of the coroner an autopsy was held, and the physician found evidences that Carroll's death was caused by cruel treatment.

Over 1,000 Cheyenne and Arapahoe Indians are holding a grand council and dance at Darlington, O. T., demanding that the recent anti-bignamy law be not enforced against them. Their sessions are in secret. They refuse to obey the orders of the agent, and there is fears of serious trouble.

Misses Mary and Hattie Paterson, aged 7 and 5 years respectively, daughters of William Paterson of Bellaire, O., were drowned at Pinch Run, just below that city. They were playing in the Ohio river and got beyond their depth. The body of one of the girls was recovered, but not the other.

John E. Davidson, third vice president of the Pennsylvania company, controlling and operating the Pennsylvania lines west of Pittsburgh, died at Hotel Lincoln in Pittsburgh at noon Sunday from the effects of an operation performed last Thursday for appendicitis. The deceased was 53 years of age and had been connected with the Pennsylvania system for more than 30 years.

NEW TREATMENT.

Oil of Cloves Has Been Found Very Promising for Consumption.

[Philadelphia Record.]

A new treatment for pulmonary tuberculosis, commonly called consumption, has recently been tried by Prof. Hobart A. Hare, of the Jefferson Medical College, and has so far given very promising results. The treatment is based upon the germicidal power of oil of cloves, and consists of the administration of this drug to the point of tolerance of the patient. Daily doses are given hypodermically, mixed with olive oil in the proportion of one to five, and by the mouth in capsules after each meal. In a case which was recently brought before the clinic at the Jefferson Hospital a very satisfactory report was given after three weeks' treatment.

In that time the patient had gained twelve pounds in weight, night sweats had disappeared, and the amount of expectoration in twenty-four hours had diminished to practically nothing, and the cough, which was almost incessant before the treatment was commenced, had decreased to seven times in twenty-four hours. A barrier to the general use of this treatment in cases of consumption is found in the extremely irritating properties of the drug, making the hypodermic use a painful process, and its administration by the stomach a great taxing of the lining membrane of the organ. It is very probable, however, that therapeutists will soon find suitable combinations with other drugs to remove these obstacles and render this method more acceptable to patients.

COUNTY CULLINGS.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

PLUMVILLE.

A. L. Redman spent several days with relatives last week in Lewis County.

C. B. Mattingly spent last week with his uncle, Steel Mattingly, near Mt. Gilead.

Misses Irene and Maud King and Charley Wells and William Ladenberger were guests of Mrs. Odessa Bean recently.

CINCINNATI TOBACCO MARKET.

It Has Continued Active the Past Week. Strong Competition Among the Buyers.

The Cincinnati Leaf Tobacco Warehouse Company has the following in its circular for the week:

The tobacco market has continued active the entire week. A strong competition between the manufacturers' buyers and the speculators, who have watched the market very closely, has shown itself, and all grades of tobacco have been in demand and full prices realized. The better grades of tobacco that have been offered have advanced some, as the competition seems to be stronger for the better class of goods, especially for all grades from \$12 upward, while the red tobaccos have also shown some advance. The dark trashes and nondescripts have remained firm, although we cannot see any particular advance over last week, but color trashes and lugs have shown a slight advance. Offering have been very large, and with the continued hot weather we consider that the last week has been one of the best of the year, and we see nothing to interfere with a continued strong market at present. The reports from the country are a little more favorable, and with favorable weather and an occasional shower the tobacco crop will prove to be some better than was anticipated two or three weeks ago. Receipts are more liberal, as a large number of dealers are now pricing and forwarding their tobacco. With the present prices a fair profit is being realized and we expect the sales to be liberal as long as these prices continue.

MR. HICKS' FORECASTS.

Editor Bulletin: Some people know and some people don't know. Those that don't know generally know the most. "Nit."

See Ledger, July 10th, referring to "Hicks", St. Louis weather fraud" predictions. Allow me to say for the benefit of the gentleman with the high intellectual ears and roaming nose, Prof. Hicks did not make this forecast for East Third street, Maysville, Ky., but for the United States of America. Do you know where that is?

Overcoats and fires were very much in demand in several States outside of Maysville, Ky. (Third street), notably Colorado, Idaho, Montana and Washington.

Read the papers. BULLETIN will give full information on such subjects. WILL W. GIBSON.

A woman's headaches may come from several causes. She may have a headache arise from nervousness, or from digestive disturbances. Nine cases in ten, her headaches come from disorders peculiar to her sex. It may show itself in the symptoms which are characteristic of a dozen disorders. Thousands of times, women have been treated for the wrong disorders. Dr. Pierce's Favorite Prescription was compounded for the sole purpose of relieving womankind of these ills and pains. Thousands of women have testified that after taking treatment from several physicians without benefit, the "Favorite Prescription" cured them completely and quickly. It has been used for over thirty years, and has an unbroken record of success.

The woman who hesitates is invited to send 21 one-cent stamps to cover cost of mailing a copy of Doctor Pierce's Common Sense Medical Adviser, which contains plain, clear information about all of the organs of the human body and their functions.

Luck.

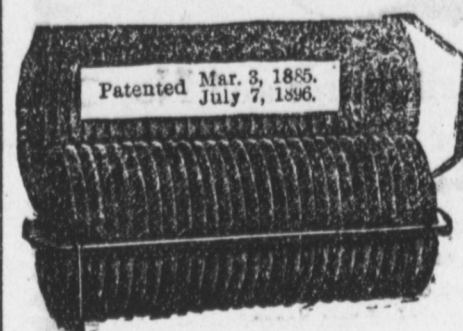

"Do you think there is any luck in a four leaf clover?" asked the young woman.

"Well," replied Mr. Barker thoughtfully, "I can't trace the connection between any superstition and actual occurrences, but I knew a girl who was very lucky soon after she found a four leaf clover."

"Do tell me about it."

"There isn't much to tell. While she was hunting the four leaf clover she got her feet wet and caught a cold, and everybody said she was lucky that she didn't die."—Washington Star.

LAND FOR SALE!

I will offer at private sale 600 acres of Land lying in Salt Lick Valley, in Lewis County, Ky., and two and a half miles from Vanceburg, the county seat, and on a good turnpike. There is 100 acres of bottom land and 500 acres hill land. The hill land produces tobacco, corn, wheat and grass and is also the finest fruit and strawberry land in the State. The bottom land grows corn, wheat and timothy hay, and has 1,000 choice fruit trees on it. There are two good dwelling houses, a good stock barn, an almost new tobacco barn, a good corn crib and plenty of water for stock and family use. This is one of the best stock farms in the country. This farm is for sale under a judgment recently rendered in the Lewis Circuit Court and is offered at \$2,500, which is a very low price. Will make purchaser a warranty deed. For further information address E. C. ROWLAND, Vanceburg, Lewis County, Ky.

F. C. COMPANY CORSETS, MAKE American Beauties

All Lengths.

NEWEST MODELS. FANCY AND PLAIN.

At Ruggles' Camp Ground,

SATURDAY, JULY 3, at 10:30 a. m., the following privileges will be let to the best bidder: Hotel, Confectionery, Stable, Baggage room and Barber shop. The board reserves the right to reject any or all bids.

The meeting on these beautiful and much improved grounds will be held beginning July 22, and closing on August 1. Eminent divines will be present. Rev. M. Swadner, of Cincinnati, O., and the ministers of the Covington and Ashland districts are expected to be present. The singing will be in charge of Prof. J. G. Crabbe, of Ashland, assisted by a splendid choir, which is an assurance that it will be all that can be desired.

A fourteen-room house has been built with porches all around, making accommodations for any and all comers. The Tabernacle has been enlarged and the hotel will be improved by the directors this year. And the best of all is we have excellent water—two large cisterns and three wells. One of the wells is 150 feet deep, the water of which has been analyzed and contains the following medicinal qualities: Total solids, 3.6 to the liter, soluble salts 3.16 to the liter; consisting of chlorides and sulphates of magnesium, sodium and potassium; insoluble salts 0.44 to the liter, consisting of calcium carbonates with traces of iron.

The meetings will be in charge of Revs. G. R. Freng-r and J. G. Dover, Presiding Elders of the Covington, Maysville and Ashland districts. If you desire tents write I. M. LANE, Maysville, Ky.

THE SEASON IS NOW AT HAND FOR STRAWBERRIES.

And we have been informed by the grower who furnished us with berries last season that the crop is very promising, and we have made arrangements to handle from twenty-five to fifty bushels per day, which enables us to furnish our patrons with the finest berries shipped to this market, both at wholesale and retail. Special attention given to mail orders.

We will continue to sell staple Groceries at remarkably low prices, a few of which we quote below:

1 gallon New Orleans Molasses.....	25
2 gallon Bucket Syrup.....	50
1 pound Gunpowder Tea.....	30
6 pounds Green Rio Coffee.....	\$1.00
4 pounds Leaf Lard.....	25
10 bars Soap.....	25
